What a delight this home is !!!! Its very well kept and has a great floor plan with a convenient office/den at the front, great room style kitchen with tons of countertop space, patio doors to the large deck and yard plus a cozy fireplace family room. With NEW flooring throughout this home has numerous other upgrades such as new modern paint colors, new light fixtures, etc. everything seems fresh and clean. The upstairs has 3 fine family bedrooms including a Master with walk-in closet and full en-suite for plenty of room to grow. Moving downstairs you will notice a rare wide open expanse where the builder designed it properly to accommodate 2 extra bedrooms and a big bathroom if need be. Some other bonuses are the double attached garage, convenient laundry area and of course the GREAT LOCATION . Check on availability
